06 BRAND USAGE GUIDELINES

✅ Do

- → Use "SELLR" in all caps for the wordmark
- → Use ".ai" in terracotta (#c4724a) at 300 weight

❌ Don't

- → Don't stretch, skew, or rotate the logo
- → Don't use "Sellr" mixed case in display contexts

- → Use Fraunces for all headings and display text
- → Maintain minimum clear space around logo
- → Use the logo pill in nav and compact spaces
- → Use the S mark as standalone icon (min 32×32px)
- → Keep grain texture at 0.025 opacity max
- → Use terracotta as primary CTA color only

- → Don't place the logo on busy or low-contrast backgrounds
- → Don't use terracotta as a background fill
- → Don't use Inter, Roboto, or system-ui for headings
- → Don't alter the S mark proportions
- → Don't use more than 2 accent colors together
- → Don't use the dark logo on cream backgrounds
